Professional Experience

Category Analytics & Commercial Operations Intern, [Joybuy \(JD.com Europe\)](#), Rotterdam | Apr 2026 – Present

Gain hands-on experience in commercial operations within one of the world's largest online retail ecosystems.

- **Forecasting:** Built an AI-assisted demand model (~70–80% accuracy) forecasting ~350 SKUs/week of campaign demand and flagging potential out-of-stock risks.
- **Rebate process:** Owned the end-to-end rebate process for the 5 largest suppliers — consolidating data, calculating real values and tracking payments against negotiated terms.
- **Dashboards:** Built Power BI dashboards (SKU, campaign, product-manager, weekly profit) used by ~4 category managers across ~5,000 SKUs.

Affiliate & Performance Marketing Intern, [Philips DA \(Versuni\)](#), Amsterdam | Aug 2024 – Feb 2025

Relocated to the Netherlands and undertook an MBA internship with the D2C Affiliate team.

- **Reporting automation:** Built a Power BI dashboard and automated monthly reporting for 17 partners across 8 markets, cutting reporting time from ~3 days to ~5 hours.
- **Margin & attribution:** Calculated monthly affiliate partner payouts and ran revenue attribution by linking discount-code usage to partners via Excel pivots.
- **Commercial planning:** Advised on partner budget increases and reductions and co-delivered Q3/Q4 QBRs with KPI analysis and recommendations.

Digital Data Analyst & Performance Specialist, [NetWebCo](#) | Feb 2021 – Sep 2023

Joined a mid-size agency specialising in Magento e-commerce services.

- **Performance analysis:** Measured KPIs (add-to-cart, checkout, campaign source) via GA/GTM to guide UX and marketing recommendations for 6 clients.
- **Data-driven optimisation:** Translated audit and analytics findings into prioritised, measurable improvement roadmaps.
- **Reporting:** Presented post-campaign performance (incoming users, conversion rate, on-site behaviour) to clients in recurring reviews.

SEO & Website Optimization Specialist, [19kala](#) | Dec 2019 – Feb 2021

Worked in an OpenCart e-commerce operational team environment.

- **Process tooling:** Built a PHP task-management system used by ~20 people (~1,100 tasks/year), lifting flawless content output ~40% (15→35 articles/month).
- **KPI ownership:** Tracked organic traffic as the core KPI and analysed keyword growth and ranking drops in Search Console to protect performance.
- **Pricing intelligence:** Built a price-monitoring tool across 5 competitors and ~100 products to keep the catalogue price-competitive.
