

Ehsan Mosahebeh

Business & Data Analyst | BI, Forecasting & Performance Analytics

Netherlands, Arnhem (Ready to relocate) | +31647553193 | emosahebeh@gmail.com | linkedin.com/in/ehsan-mosahebeh

Professional Summary

Analytical MBA graduate with 4+ years turning commercial and marketing data into decisions across European e-commerce. Builds Power BI dashboards, forecasting models and attribution reporting; a programmer by background who picks up new data stacks (SQL, Python) fast. Track record of automating reporting and lifting accuracy for cross-functional teams.

Key Skills

Power BI | SQL | Google Analytics (GA4) | Google Tag Manager | Data visualization | KPI monitoring | Forecasting & modeling | Multi-touch attribution | Marketing analytics | Excel automation | Python (basic) | Process automation | Data cleaning | Dashboard design | Stakeholder reporting

Professional Experience

Category Analytics & Commercial Operations Associate, [Joybuy \(JD.com Erp\)](#), Rotterdam | Apr 2026 – Jul 2026

Attended to 4-month program and gained hands-on experience in commercial operations within the second world's largest online retail ecosystems.

- **Power BI:** Built a self-service dashboard tracking SKU, product-manager and weekly-campaign performance across ~5,000 FMCG SKUs, adopted by 4 category managers for weekly commercial decisions.
- **Forecasting:** Developed an AI-assisted model on historical price and units-sold data forecasting ~350 products/week at ~80% accuracy, guiding pricing and out-of-stock planning.
- **Data & reporting:** Cleaned and consolidated supplier and China-side sales data with Excel automation tools, owning end-to-end rebate calculations for the 5 largest suppliers.

Affiliate & Performance Marketing Intern, [Philips DA \(Versuni\)](#), Amsterdam | Aug 2024 – March 2025

Relocated to the Netherlands and undertook an MBA internship with the D2C Affiliate team.

- **Power BI dashboard:** Designed a partner-performance dashboard (SKU / date / market / revenue) covering 17 affiliate partners across 8 European markets for weekly monitoring.
- **Reporting automation:** Automated monthly partner reporting, cutting turnaround from ~3 days to ~5 hours while improving accuracy on partner-facing files.
- **Attribution analysis:** Ran revenue attribution linking discount-code usage to each partner, quantifying ROI and informing budget reallocation (+36% YoY partner revenue, 2024).

Digital Data Analyst & Performance Specialist, [NetWebCo](#) | Feb 2021 – Sep 2023

Joined a mid-size agency specialising in Magento e-commerce services..

- **GA4 / GTM tracking:** Built event, funnel and conversion tracking (add-to-cart, checkout, campaign entry) to measure user behavior quantitatively for 6 agency clients.
- **Performance reporting:** Delivered post-campaign performance reports (traffic, conversion rate, behavior), turning analytics into UX and marketing recommendations.
- **Process automation:** Programmed a WordPress tool that de-duplicated attributes on 15,000 products, replacing ~4 months of 2-FTE manual work with zero error.

SEO & Website Optimization Specialist, [19kala](#) | Dec 2019 – Feb 2021

Worked in an OpenCart e-commerce operational team environment.

- **SQL & data pipelines:** Designed the database architecture and PHP/JS logic for an internal tool integrating all SEO/content data — 20 users, 1,100 tasks in one year.
- **Automated monitoring:** Built a PHP price-monitoring crawler tracking ~100 products across 5 competitors 3x/day, emailing sales when we lost price leadership.
- **Analytics & growth:** Analyzed Search Console ranking and traffic data and fixed technical issues, growing organic traffic 30k→190k daily users in 9 months.
